# HempRx Forte

## Endocannabinoid System Support

1800 mg Phyto-Cannabinoids and Terpenes • 0% THC

2 fl. oz. (60 ml)

Amount per 1.0 ml:

Whole Hemp Plant Oil . . . . . 30 mg (1.0 mg/drop)

Inactive Ingredients: Organic Hemp Seed Oil

### Recommended Usage:

For use in canine, feline, equine and primate patients.

- Dog and Cat dose: 0.1-0.5 mg/kg BID

- Equine and Primate dose: 10-50 mg BID

*Provides nearly 5X the potency of HempRx. This greatly reduces the cost of administration to the large patient.*

**HempRx Forte** contains a standardized amount of essential oils extracted from the whole hemp plant grown both organically and domestically. This essential oil is rich in terpenes, flavonoids and phytocannabinoids and contains 0%  $\Delta$ -9-tetrahydrocannabinol (THC). Supplied in 60 ml bottles with a glass graduated dropper, HempRx Forte has been blended with organic hemp seed oil to produce a pleasant-tasting liquid with a fragrant floral bouquet. HempRx Forte is the only whole hemp extract available exclusively to veterinarians, and maintains the high standards of quality veterinarians have come to expect from RxVitamins.
