Professional Veterinary Formulas

# RxCoriolus Forte™

### A Powerful Immune System-Boosting Formula

### 37% Beta Glucan Content

**100 gram Powder** Amount per 1 gram:

Turkey Tail Extract (1:1)	250 mg
Shiitake Mushroom Extract (1:1)	150 mg
Cordyceps Extract (1:1)	150 mg
Pleurotus Extract (1:1)	150 mg
Reishi Mushroom Extract (1:1)	.50 mg
Astragalus Root Concentrate (2.6:1)	150 mg
Licorice Root Concentrate (3.8:1)	100 mg

#### Recommended Usage:

Scoop Size = ¼ teaspoon (1.25 cc)  
 5 kg – ½ scoop per day • 10 kg – 1 scoop per day  
 25 kg – 1 to 2 scoops per day • 50 kg – 2 to 4 scoops per day  
 Recommended serving size may be modified as per your veterinarian.

**RxCoriolus Forte™** contains organic extracts from the fruiting bodies (mushrooms) of five of the most powerful medicinal mushrooms available today. This powdered, highly palatable blend of mushrooms also contains two Chinese herbs, astragalus root (huang qi) and licorice root (gan cao). These 2 herbs have been found in studies to improve cell-mediated and humoral immunity. This formula has a distinct advantage over products from mycelia grown on grain because it is very low in carbohydrates and very high in beta glucan.

*Sold to veterinary professionals throughout the world since 1999. Accept no substitute or replica.*

**NASC certified for compliance with stringent supplement quality standards**
