Rx Vitamins

Who We Are

Rx Vitamins for pets is an innovative, manufacturing company providing veterinarians with nutritional formulations designed to enhance patient outcomes. Since 1999, Rx Vitamins has set the standard in the development of safe, well-researched, formulas that provide the veterinarian with a wide choice of treatment options to complement the conventional care of companion animals.

What We Believe

We believe that the veterinarian is the individual best qualified to direct the course of treatment essential for optimal patient care. Therefore, our objective is to support the veterinarian by providing professional formulations for the care of patients and with client-friendly materials to help educate the client.

Our Commitment

We, at Rx Vitamins, are committed to manufacture and provide the safest, most effective nutritional and animal health supplement formulas exclusively to the licensed veterinarians.

The Rx Vitamins product line stands apart in three distinct categories:

1. Veterinarian Formulated

The Rx Vitamins range is veterinarian formulated and all products feature ingredients that are thoroughly tested and backed by science. Only truly pure, high quality raw materials are used for each formula.

2. Manufacturing & Testing

Only truly pure, high quality raw materials are employed in the manufacturing of all Rx Vitamins for Pets formulas. Rigorous inspection and assay testing ensures the quality, integrity and potency of each raw material. All formulas are manufactured in NSF audited facilities.

3. Technical Support

Rx Vitamins features the most comprehensive technical support in the industry and made available to the professional veterinary staff at no charge. The Technical Reports detail the formulas in terms of use, therapeutic strategy, ingredients, ingredient rationale, clinical applications and scientific references. Also, a Formula Applications Protocol document groups the formulas by condition and/or category to direct the veterinary staff in the clinical utilization of the formulas.

Amino B-Plex

Enhances Energy Metabolism and Vitality

Amino B-Plex supplies patients who are weak, inappetant, post-surgical or debilitated due to disease with beneficial amounts of B complex vitamins, iron, spirulina, and essential amino acids in a highly palatable format that is easy to administer to small sized patients. This formula has been designed using scientific principles to benefit and enhance vitality in those patients who are in need of metabolic support.

2 fl. oz. (60 ml) | 4 fl. oz. (120 ml) | 8 fl. oz. (240 ml) | For Dogs & Cats

Active Ingredients per 2 mL:

Proprietary Amino Acid Blend
 (includes: lysine, methionine, phenylalanine, taurine, threonine, arginine, leucine, isoleucine, valine, glutamine and histidine) ... 6.67 mg
 Niacinamide..... 5 mg
 Spirulina 3.34 mg

Potassium (tri-potassium citrate) 3.34 mg
 Vitamin B-1 (thiamine HCl)..... 1 mg
 Vitamin B-2 (riboflavin 5-phosphate) 1 mg
 Vitamin B-6 (pyridoxine HCl) 1 mg
 Iron (as ferrous sulfate) 56 mcg

Amino B+K

A Palatable Source of Dietary Potassium

Amino B+K delivers 468 mg of potassium gluconate with each 2 ml administered. Delivery is easy due to this formula's highly palatable liver and bacon flavoring, and the plastic dropper ensures safety and accuracy in administration. Amino B+K also provides additional nutritional support with a dense nutrient profile including B-Complex vitamins, iron and essential amino acids.

4 fl. oz. (120 ml) | For Cats

Active Ingredients per 2 mL:

Potassium Gluconate 468 mg
 Proprietary Amino Acid Blend
 (includes: lysine, methionine, phenylalanine, taurine, threonine, arginine, leucine, isoleucine, valine, glutamine and histidine) ... 6.67 mg
 Niacinamide..... 5 mg

Spirulina 3.34 mg
 Vitamin B-1 (thiamine HCl) 1 mg
 Vitamin B-2 (riboflavin 5-phosphate) 1 mg
 Vitamin B-6 (pyridoxine HCl) 1 mg
 Iron (as ferrous sulfate) 70 mcg

Bio-C

Pure Sodium Ascorbate with Bioflavonoids

Bio-C is a palatable, easy-to-administer powdered source of supplemental vitamin C combined with bioflavonoids. Sodium ascorbate has a saltier, less sour taste than ascorbic acid and is a potent, water-soluble antioxidant. This form of vitamin C is naturally buffered and thus reduces gastric distress commonly associated with high doses of straight ascorbic acid. Bioflavonoids help maintain capillary integrity and act as antioxidants.

4.2 oz (113 g) Powder | For Dogs & Cats

1 Scoop (1/4 teaspoon) Contains:

Vitamin C (as sodium ascorbate) 500 mg Lemon Bioflavonoids* (10% flavonones) 400 mg

* Not recognized as an essential nutrient by the AAFCO Dog Food Nutrient Profiles. (All quantities are minimum quantity unless otherwise noted)

Ingredients: Lemon Bioflavonoids, Sodium Ascorbate Powder.

Camo Pill

Delicious Bacon-Flavored Pill Paste

Camo Pill is a soft, easily-shaped paste that wraps around any size pill or capsule. The bacon flavored paste makes giving supplements and medication a breeze while the patient thinks they are getting a treat.

- Delicious bacon flavor • No wheat flour or corn syrup • Will not dry out • Avoid wasteful preformed pockets.

4.2 oz (119 g) | For Dogs & Cats

Amount per 2 g Serving:

Crude Protein.....	(Min) 5%	Crude Fiber.....	(Max) 5%
Crude Fat.....	(Min) 4%	Moisture.....	(Max) 25%

Calorie Content (Calculated): The Calorie Content is 3900 kcal/kg or 8 kcal per serving.

Ingredients: Oat flour, cane molasses, glycerin (USP grade), rice bran, vegetable oil, maltodextrin, salt, lecithin, natural bacon flavor, sorbic acid, calcium propionate (to maintain freshness), rosemary extract.

Canine Minerals

Natural Seabed Mineral Complex

Canine Minerals provide macro and micro-mineral supplementation, especially calcium, for dogs and cats to help balance home-prepared meals. The source of the mineral blend in this formula is a 100% natural mineral compound. It is mined from an exclusive source in the western United States and it contains 9 macro and micro-minerals for optimum health. Canine Minerals is 100% pure and is not adulterated or flavored in any way.

16 oz (454 gram) Powder | For Dogs

1 Scoop (1/2 teaspoon) Contains:

Mineral Carbonates

Calcium.....	.500 mg	Manganese.....	0.08 mg
Magnesium.....	.300 mg	Phosphorus.....	0.07 mg
Iron.....	0.77 mg	Potassium.....	0.04 mcg
Strontium.....	0.27 mg	Chromium.....	6 mcg
Sodium.....	0.20 mg	(All quantities are minimum quantity unless otherwise noted.)	

CoQ1030

Maximum Bioavailability - 100% Pure Ubiquinone

CoQ10-30 is the highest quality Coenzyme Q10 supplement available for pets. Each soft gelatin capsule is hermetically sealed to provide maximum biological activity, bioavailability and stability. CoQ10-30 is comprised of 100% pure ubiquinone.

30 Softgels | For Dogs & Cats

1 Softgel Contains:

Coenzyme Q10 (100% pure ubiquinone).....	.30 mg
--	--------

Cranberry Rx

Maintains Normal Function of the Urinary Tract

Cranberry Rx provides 250 mg of a North American grown, high-potency, cranberry juice concentrate that has been standardized to contain a minimum of 3% oligomeric proanthocyanidin content (OPC) and a minimum of 6% quinic acid. The antioxidant ORAC value of this cranberry concentrate remains quite high due to the gentle processing of the fresh berry indicating that this concentrate has very potent antioxidant capacity. Cranberry Rx is GMO free and is manufactured without the use of solvents, preservatives, sugars, flavorings or color.

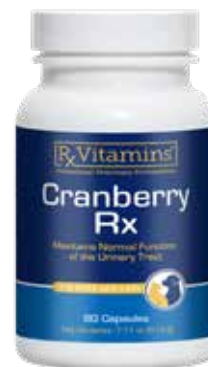

90 Capsules | For Dogs & Cats

1 Capsule Contains:

Cranberry (vaccinium macrocarpon) 6% (as VitaCran)

Standardized to contain: Proanthocyanidin (OPC) content 3% minimum,

Quinic acid content 6% minimum, ORAC value - 400 μmole TE/gram) 250 mg

Feline Minerals

Natural Seabed Mineral Complex with Taurine

Feline Minerals provide macro and micro-mineral supplementation, especially calcium, for cats to help balance home-prepared meals. The source of the mineral blend in this formula is a 100% natural mineral compound. It is mined from an exclusive source in the western United States and it contains 9 macro and micro-minerals for optimum health. Taurine, an essential amino acid for cats, is included to ensure that clients preparing home made diets have an available source of taurine along with the necessary minerals for home diet preparation. Feline Minerals is 100% pure and is not adulterated or flavored in any way.

8 oz (227 gram) Powder | For Cats

1 Scoop (1/4 teaspoon) Contains:

Mineral Carbonates

Calcium	250 mg
Magnesium	160 mg
Iron	0.34 mg
Strontium	0.14 mg
Sodium	0.10 mg
Manganese	0.04 mg

Phosphorus	0.04 mg
Potassium	0.02 mcg
Chromium	3 mcg

Special Nutrients

L-Taurine	125 mg
---------------------	--------

(All quantities are minimum quantity unless otherwise noted.)

Formula CV

Supports Normal Heart and Vasculature Functioning

Formula CV combines the cardio-protective qualities of hawthorn berry along with other important nutrients that support the structure and function of the cardiovascular system. Taurine is the dominant amino acid found in heart muscle and carnitine plays a critical role in the transport of long-chain fatty acids in to the mitochondria. Potassium and magnesium play important roles in the contraction and relaxation of the heart muscle. Vitamin E provides vital antioxidant protection and, with selenium, helps protect the integrity of blood vessels.

90 Capsules | For Dogs & Cats

1 Capsule Contains:

Mineral Carbonates

Hawthorn Berry Extract (standardized to 2% vitexin)	200 mg
L-Carnitine (as L-carnitine tartrate)	100 mg
L-Taurine	50 mg
Vitamin E (d-alpha tocopherol succinate)	75 IU
Dimethylglycine (DMG)	10 mg

Magnesium (citrate)	10 mg
Potassium (citrate)	10 mg
Coleus Forskohlii Extract	10 mg
Selenium (L-selenomethionine)	5 mcg

Glucamune™ | Glucamune™ Forte

High Potency Beta Glucan Blend - Leading Edge Immune Modulator

Glucamune™ contains the highest potency, patented beta glucan available for companion animals, complexed with astragalus root and licorice root concentrates in small, easy-to-administer capsules for use in all veterinary companion animals. Capsules can also be opened and mixed with food for those difficult-to-pill patients.

In-vivo testing of this proprietary formulation demonstrates that the synergistic combination of beta glucan, astragalus root, and licorice root is more potent than any individual ingredient in terms of significant increases in measured macrophage phagocytosis and cytokine IL-2 release.

Glucamune™ - 90 Capsules | Glucamune™ Forte - 60 Capsules | For Dogs & Cats

Glucamune™ - 1 Capsule Contains:

Astragalus root Concentrate (2.6:1)
 Astragalus membranaceus Bge. var. mongholicus (Dge.) 50 mg
 Licorice root Concentrate (3.8:1) Glycyrrhiza glabra L. 25 mg
 β (1-3),(1-6)-D-Glucan -
 Naturally derived from Saccharomyces cerevisiae 25 mg

Glucamune™ Forte - 1 Capsule Contains:

Astragalus root Concentrate (2.6:1)
 Astragalus membranaceus Bge. var. mongholicus (Dge.) 200 mg
 Licorice root Concentrate (3.8:1) Glycyrrhiza glabra L. 100 mg
 β (1-3),(1-6)-D-Glucan -
 Naturally derived from Saccharomyces cerevisiae 100 mg

HempRx

Broad Spectrum Organic Hemp Oil with CBD

450 mg Phytocannabinoids with Terpenes and Flavonoids • 0.0% THC

HempRx contains a standardized amount of essential oils extracted from the whole hemp plant grown both organically and domestically. This essential oil contains 0.0% THC.

1 fl. oz. (30 ml) | For Dogs & Cats

Amount per 1 ml:

Naturally-occurring CBD 15 mg (0.5 mg/drop)

HempRx Forte

Broad Spectrum Organic Hemp Oil with CBD

1800 mg Phytocannabinoids with Terpenes and Flavonoids • 0.0% THC

HempRx Forte provides 4X the potency of HempRx. This greatly reduces the cost of administration to the large patient. HempRx Forte contains a standardized amount of essential oils extracted from the whole hemp plant grown both organically and domestically. This essential oil contains 0.0% THC.

2 fl. oz. (60 ml) | For Dogs & Cats

Amount per 1 ml:

Naturally-occurring CBD 30 mg (1 mg/drop)

HempRx Canine Soft Chewz

Broad Spectrum Organic Hemp with CBD • 0.0% THC

HempRx Canine Soft Chewz contain a standardized percentage of the essential oils derived from organically-grown, whole hemp. HempRx Canine Soft Chewz contain naturally-occurring terpenes, flavonoids and phytocannabinoids. They are gluten and grain free, and very tasty to both dogs and cats, making them very easy to administer.

~60 Soft Chewz | For Dogs

1 Soft Chew Contains:

Naturally-occurring CBD 3 mg

HempRx Feline Soft Chewz

Broad Spectrum Organic Hemp with CBD • 0.0% THC

HempRx Feline Soft Chewz contain a standardized percentage of the essential oils derived from organically-grown, whole hemp. HempRx Feline Soft Chewz contain naturally-occurring terpenes, flavonoids and phytocannabinoids. They are gluten and grain free, and very tasty to both dogs and cats, making them very easy to administer.

~60 Soft Chewz | For Cats

1 Soft Chew Contains:

Naturally-occurring CBD 1 mg

HempRx Feline Drops

Full Spectrum Organic Hemp Oil with CBD

450 mg Phytocannabinoids with Terpenes and Flavonoids

HempRx Feline Drops contains a standardized amount of essential oils extracted from the whole hemp plant grown both organically and domestically. This essential oil is rich in terpenes, flavonoids and phytocannabinoids. Supplied in 15 ml bottles with a glass graduated dropper, HempRx Feline Drops has been blended with organic MCT oil to produce an odorless, tasteless liquid.

1/2 fl. oz. (15 ml) | For Cats

Amount per 1 ml:

Naturally-occurring CBD 30 mg (1 mg/drop)

Hepato Support

Supports Normal Liver Function

Hepato Support includes silymarin, the standardized extract of milk thistle, along with a full complex of B vitamins and alpha lipoic acid to help promote normal liver function. The flavonolignan complex in milk thistle, silymarin, increases the uptake of hepatic glutathione by the liver, intestines and stomach, and protects the liver from toxic damage. The milk thistle in this formula has been standardized to 80% silymarin and contains 30% silybinin A+B.

90 Capsules | 180 Capsules | For Dogs & Cats

1 Capsule Contains:

Milk Thistle Extract (Premium extract providing 80% silymarin and 30% silybinin).....	100 mg	Vitamin B-1 (thiamine)	5 mg
Inositol.....	20 mg	Vitamin B-2 (riboflavin)	5 mg
Choline.....	20 mg	Vitamin B-6 (pyridoxine).....	5 mg
DL-Methionine (pharmaceutical grade).....	20 mg	Alpha Lipoic Acid	5 mg
Pantothenic Acid (calcium pantothenate)	10 mg	Vitamin B-12 (cyanocobalamin)	10 mcg

Immuno Support

Nutrients that Enhance Immune System Function

Immuno Support contains state-of-the-art nutraceuticals designed to promote optimal immune system function. The formula features larch arabinogalactan, a naturally-occurring plant polysaccharide, that supports a wide range of immunological activity. The formula also features the immune-modulating properties of shiitake mushroom.

60 Capsules | For Dogs & Cats

1 Capsule Contains:

Arabinogalactan
(high molecular polysaccharide from Larix occidentalis extract) 100 mg

Shiitake Mushroom (*Lentinula edodes* whole mushroom) 50 mg
Lutein (bioactive carotenoid) 3 mg

LiquiCarn™

Palatable Source of Pure, High Quality L-Carnitine

LiquiCarn™ contains the purest and highest quality L-carnitine available in a veterinary product. L-Carnitine is an amino acid that plays many roles within the body. The palatable liver-bacon flavored LiquiCarn is supplied in a 120 ml amber, glass bottle with a plastic, graduated dropper.

4 fl. oz. (120 ml) | For Dogs & Cats

Amount per 1 ml:

L-Carnitine (L-tartrate/CarniPure™) 250 mg

Liquid Hepato

Liver Support Formula for the “Difficult-to-Pill” Patient

Delicious, Easy-to-Deliver, Chicken or Bacon Flavored Liquid

Liquid Hepato contains a standardized extract of milk thistle along with a full complex of B vitamins and alpha lipoic acid in an easy-to-deliver liquid format. The key active ingredients in milk thistle, silymarin and silybinin, increase the uptake of hepatic glutathione and thus have potent hepato-protective properties.

4 fl. oz. (120 ml) | For Dogs & Cats

Amount per 2 ml:

Milk Thistle Extract
(Premium extract providing 80% silymarin and 30% silybinin) 100 mg
Lecithin (natural source of phospholipids) 50 mg
Vitamin B-1 (thiamine) 5 mg

Vitamin B-2 (riboflavin) 5 mg
Vitamin B-6 (pyridoxine) 5 mg
Alpha Lipoic Acid 5 mg

Liquid Immuno

L-Lysine Combined With Immune-Enhancing Nutraceuticals

Delicious, Easy-to-Deliver, Chicken or Bacon Flavored Liquid

Liquid Immuno provides L-lysine and state-of-the-art nutraceuticals designed to promote optimal immune system function. The combination of L-lysine with larch arabinogalactan and reishi mushroom makes this a highly effective formula for many immune challenges. Liquid Immuno is delivered in a highly palatable, liquid format which will enhance compliance for small-sized, "fussy" patients.

2 fl. oz. (60 ml) | 4 fl. oz. (120 ml) | For Dogs & Cats

Amount per 2 ml:

L-Lysine (USP grade)	500 mg	Reishi Mushroom (ganoderma lucidum)	50 mg
Larch Arabinogalactan (larix occidentalis extract)	100 mg	Lutein (bioactive carotenoid)	3 mg

Liquid NutriCalm

For Easy Administration to Small Dogs and Cats

Delicious, Easy-to-Deliver, Salmon Flavored Liquid

Liquid NutriCalm is an innovative, salmon-flavored formula ideal for the small-sized patient. The formula features high quality, USP grade L-Theanine and ashwagandha to help soothe and relax naturally, effectively and safely.

4 fl. oz. (120 ml) | For Dogs & Cats

Amount per 2 ml:

L-Glycine	75 mg	Catnip (Nepeta cataria) Extract	
L-Theanine (Suntheanine®)	25 mg	(Equivalent to 25 mg of Catnip)	5 mg
L-Tryptophan	10 mg	Magnesium (as Magnesium Citrate)	5 mg
Ashwaganda (Withanina somnifera) Extract		Zinc (as Zinc Gluconate)	5 mg
(Equivalent to 30 mg of Ashwaganda)	6 mg		

MegaFlex

Supports Healthy Joints, Connective Tissue, and Flexibility

MegaFlex is comprised of important nutrients for dogs and cats to complement their overall diet. MegaFlex is a high potency formula designed to nourish and support connective tissue for healthy, flexible joints and comfortable movement. The formula features glucosamine sulfate, a critical precursor of synovial fluid. Glucosamine sulfate has a low molecular weight allowing it to be well absorbed orally. Studies have found that glucosamine sulfate has a tropism for articular cartilage in the dog.

21.16 oz (600 gram) Powder | 600 Capsules | For Dogs & Cats

1 Scoop (1 tablespoon) / 4 Capsules Contain:

Glucosamine Sulfate (as 2KCl)	1000 mg	Sea Cucumber Powder (parastichopus californicus)	300 mg
MSM (methylsulfonylmethane)	500 mg	Vitamin C (ascorbic acid)	10 mg

NutriCalm for Dogs

A Formula Designed to Calm and Sooth

NutriCalm features high quality, USP grade L-tryptophan, an essential amino acid, which is converted to serotonin in the brain. In addition, the herbs ashwagandha, theanine and valerian root help soothe and relax naturally, effectively and safely.

50 Capsules | For Dogs

1 Capsule Contains:

L-Tryptophan (free form amino acid)	150 mg	L-Theanine (Suntheanine brand)	25 mg
Valerian Root Extract (valeriana officinalis)	50 mg	Calcium (aspartate)	30 mg
Ashwagandha Extract (withania somniferum)	50 mg	Magnesium (aspartate)	30 mg
Catnip Extract (nepeta cataria)	50 mg		

NutriCalm Soft Chews for Dogs

Soothes Anxious Behavior

Veterinarian formulated calming chews with Chamomile, Thiamine, L-Tryptophan, Melatonin, and Hemp Seed. To complete this synergistic blend is Ginger to help support sensitive stomachs which is especially helpful while traveling.

120 Soft Chews | For Dogs

2 Soft Chews Contain:

Hemp Seed Oil	150 mg	Passion Flower	50 mg
Hemp Seed Powder	150 mg	Ginger	50 mg
Chamomile	100 mg	L-Tryptophan	30 mg
Thiamine Mononitrate	50 mg	Melatonin	20 mcg

NutriFlex

With Glucosamine Sulfate and Sea Cucumber

NutriFlex provides three chondroprotective agents, glucosamine sulfate, bovine tracheal cartilage and sea cucumber that help to maintain healthy articular cartilage, tendons and ligaments. The plant-based antioxidants found in curcumin, ginger and boswellia support healthy mobility. Nutritional co-factors such as calcium, magnesium, zinc, copper and manganese are used by the entire body, particularly cartilaginous tissues. NutriFlex contains glucosamine, a vital component of joint fluid, and other nutrients that are found naturally in joints and connective tissue. These convenient ChewTabs are flavored with Argentinian beef liver, high in superoxide dismutase (SOD), for additional antioxidant activity and improved palatability.

90 Chewtabs | For Dogs & Cats

3 Chewtabs Contain:

Bovine Collagen	250 mg	Bromelain (standardized proteolytic enzyme supplying 2000 GDU per gram)	75 mg
Glucosamine Sulfate	250 mg	Yucca (naturally occurring saponins)	50 mg
Sea Cucumber (Holothuria scabra)	150 mg	Calcium (phosphate, ascorbate)	30 mg
Boswellin (standardized Boswellia serrata supplying 30% boswellic acids)	125 mg	Magnesium (oxide, ascorbate)	30 mg
Vitamin C (ascorbic acid)	100 mg	Zinc (L-monomethionine)	10 mg
Curcumin (standardized Curcuma longa supplying 90-95% curcuminoids)	75 mg	Manganese (ascorbate)	5 mg
Ginger (Zingiber officinale root)	75 mg	Copper (as bisglycinate)	1 mg

NutriGest

Helps Support Proper Bowel Health

NutriGest supplies important phytochemicals and essential nutrients, such as glutamine and n-acetyl D glucosamine that help restore and maintain normal mucosal epithelial cell function in the gastrointestinal tract as well as benefit mucosal barrier function. FOS, a prebiotic nutrient, nourishes and fortifies the friendly intestinal bacteria.

90 Capsules | 4.65 oz (132 gram) Powder | For Dogs & Cats

1 Scoop (1/2 teaspoon) / 2 Capsules Contain:

Probiotic Cultures (a blend of six most bioactive strains)	500 million viable cells
L- Glutamine (free form amino acid)	200 mg
N-acetyl D glucosamine (from chitin)	150 mg
Cats Claw (uncaria tomentosa - standardized to 3% oxindole alkaloids)	150 mg
Pantothenic Acid (as calcium pantothenate)	100 mg
Fructooligosaccharide (FOS)	50 mg
Ginger (Zingiber officinale root standardized 1.0% gingerols and shogaols)	50 mg

Licorice (DGL - Glycyrrhiza glabra root)	25 mg
Garlic (Allium sativum - standardized 1% total allicin potential)	25 mg
Aloe Vera Leaf (Aloe barbadensis)	25 mg
Psyllium Seed Husk (Plantago ovata)	25 mg
Oregon Grape Root (Mahonia aquifolium)	25 mg
Vitamin A (as palmitate)	100 IU
Folic Acid	50 mcg

Nutritional Support

A Vital Nutrient Replacement Formula

Nutritional Support provides a nutrient dense blend of phytonutrients, antioxidants and food-bound nutrients in a highly palatable liver, lecithin and fish meal powder base. Nutritional Support is an excellent addition to any commercial diet and has many excellent benefits:

- Supports a healthy digestive tract
- Enhances the immune system
- Ideal supplement for pets of all ages including debilitated and older pets
- Maintains your pets' overall wellness and level of energy
- Enhances appearance and texture of the skin and haircoat

9.07 oz (257 gram) Powder | For Dogs & Cats

2 Teaspoons Contain:

Vitamins	
Vitamin E (d-alpha-tocopherol succinate)	10 IU
Biotin	50 mcg
Sodium Ascorbate	50 mg
Minerals	
Selenium (selenomethionine)	3 mcg
Zinc (monomethionine)	2 mg
Special Nutrients	
Lecithin	1000 mg
Liver Powder	1000 mg
Fish Meal	1000 mg
Flaxseed Meal	500 mg
Spirulina	500 mg
Bee Pollen	100 mg
Kelp	100 mg
Tang Kwei	100 mg

Burdock Root	50 mg
Catnip	50 mg
Dandelion	50 mg
Ginger	50 mg
Horsetail	50 mg
L-Glutamine	50 mg
L-Taurine	50 mg
Milk Thistle Seed	50 mg
Oregon Grape Root	50 mg
Rose Hips	50 mg
Siberian Ginseng	50 mg
Turmeric	50 mg
Yucca	50 mg

Onco Support

An Innovative, Potent, Immune Adjuvant

Onco Support is a complex nutraceutical and botanical blend designed to provide nutritional support for conditions of the immune system. Bio-active phytonutrients combined with specialized nutraceuticals function as biological response modifiers that enhance patient quality-of-life and vitality, as well as immune system resistance.

10.58 oz (300 gram) Powder | For Dogs & Cats

1 Scoop (1 tablespoon) Contains:

L-Glutamine (free form amino acid)	2500 mg
Kelp Powder (Ascophyllum nodosum)	760 mg
Lecithin Granules	760 mg
Nutritional Yeast (saccharomyces cerevisiae)	760 mg
Bio-Agaricus (agaricus blazeii, mycelia and fruiting body)	600 mg
L-Arginine (as L-Arginine HCl)	500 mg
Green Tea Extract (Camellia sinensis) standardized to 60% EGCG	340 mg
Spirulina (arthrospira platensis)	500 mg
Sodium Ascorbate	250 mg
Larch Arabinogalactan	250 mg
Milk Thistle (silybum marianum) seed extract (standardized 80% silymarin)	150 mg

Probiotic Blend (12 billion cfu/gram)	
Lactobacillus acidophilus	
Bifidobacterium longum	
Bifidobacterium bifidum	
Bifidobacterium lactis	50 mg
Lactobacillus acidophilus (10 billion cfu/g)	30 mg
Lactobacillus casei (350 billion cfu/gram)	5 mg
Zinc (as picolinate)	15 mg
Vitamin A (as acetate)	500 I.U.
Vitamin E (as succinate)	200 I.U.
Vitamin D (as cholecalciferol)	75 I.U.
Selenium (as selenomethionine)	25 mcg

Perio Care Rx

Oral Care Gel for Dogs and Cats

Small-molecule lactoferrin

Perio Care Rx gel helps support normal gum recovery and enhance gum health. It contains small-molecule lactoferrin, a multifunctional protein with antimicrobial and antiviral properties. This formula's unique enzyme processing makes it highly absorbable and effective. It is alcohol free with no irritation.

.67 fl oz (20 ml) Gel | For Dogs & Cats

Ingredients:

High-concentration, small-molecule lactoferrin, whey protein.

Phos-Bind

Supports Normal Function and Health of the Kidneys

Phos-Bind contains finely ground, USP grade, aluminum hydroxide. This superfine powder form of aluminum hydroxide has been found to be highly palatable when blended with a pet's meal. When used according to directions, Phos-Bind will complex with dietary phosphorus in the bowel to help support the normal function and health of the kidneys. The single ingredient found in Phos-Bind is preferred over other products by veterinary nephrologists and internists.

1.23 oz (35 gram) or 7 oz (200 gram) Powder | For Dogs & Cats

1.23 oz (35 gram) - 1 Scoop (1/8 teaspoon) Contains:

Aluminum Hydroxide (USP)	250 mg
--------------------------------	--------

7 oz (200 gram) - 1 Scoop (1/4 teaspoon) Contains:

Aluminum Hydroxide (USP)	500 mg
--------------------------------	--------

Rx B12 | Rx B12 Forte

A Palatable Source of Pure, High Quality Cyanocobalamin

Vitamin B12 traditionally has been administered parenterally. It can be challenging for clients to bring their pets in monthly for these injections. Recent studies have found that daily oral administration of cyanocobalamin will just as effectively increase serum cobalamin levels as monthly injections. Rx B12 and Rx B12 Forte come in a highly palatable liquid format for easy and convenient oral administration of cyanocobalamin to your patients.

Rx B12 - 2 fl. oz. (60 ml) | Rx B12 Forte - 2 fl. oz. (60 ml) | For Dogs & Cats

Rx B12 - Amount per 1 ml:

Vitamin B-12 (cyanocobalamin) 250 mcg

Rx B12 Forte - Amount per 1 ml:

Vitamin B-12 (cyanocobalamin) 1000 mcg

Rx Biotic

Helps Maintain Normal, Healthy Intestinal Micro-flora and Normalize Bowel Ecology

Rx Biotic is a blend of 4 major probiotic bacterial strains with two prebiotics: fructooligosaccharides and larch arabinogalactan. Clinical research has demonstrated that the beneficial bacteria in the bowel normalize gastrointestinal system function as well as contribute to improved immune response. Rx Biotic is delivered in a highly palatable, high potency powder with no flavorings. A 1/8 teaspoon scoop has been included for ease of dispensing.

1.25 oz (35.43 gram) Powder | 2.12 oz (60.10 gram) Powder | For Dogs & Cats

1 Scoop (1/8 teaspoon) Contains:

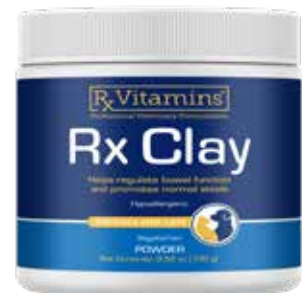

DDS ProbioPlus Probiotic Blend 2 billion viable cells
 Lactobacillus acidophilus
 Bifidobacterium longum
 Bifidobacterium bifidum

Bifidobacterium lactis
 Fructooligosaccharides
 Larch Arabinogalactan 100 mg

Rx Clay™

Helps Regulate Bowel Function and Promotes Normal Stools

RxClay™ (Hydrated Calcium Aluminosilicate) is a montmorillonite class of clay that adsorbs bacterial toxins, inflammatory cytokines, and metabolic toxins in the gastrointestinal tract, resulting in improvement of stool quality. A clinical trial in canine cancer patients who developed diarrhea as a side-effect of receiving chemotherapy found significant improvement following the oral administration of RxClay™ when first-tier therapeutics for diarrhea failed to improve stool quality. RxClay™ is free of heavy metal contamination, contains no available aluminum, is sterilized and ground to 60 micron particle size for improved dispersion and more rapid onset of action.

3.52 oz (100 gram) Powder | For Dogs & Cats

1 Scoop (1/8 teaspoon) Contains:

Hydrated Calcium Aluminosilicate Clay 500 mg

Rx Colostrum

May Reduce Effects of Environmental Allergens

Rx Colostrum is whole, bovine, first milking colostrum containing over 100 bioactive components of which immunoglobulins, cytokines and leukocytes are predominant. Rx Colostrum modulates the gastrointestinal and immune systems therefore helping to mitigate allergy symptoms. Companion animals benefit both prophylactically and therapeutically while enjoying the tasty, efficient powder delivery format.

3.52 oz (100 gram) Powder | For Dogs & Cats

1 Scoop (1/3 teaspoon) Contains:

Whole Bovine First Milking Colostrum 500 mg

RxCoriolus Forte

A Powerful Immune System-Boosting Formula

37% Beta Glucan Content

RxCoriolus Forte contains organic extracts from the fruiting bodies (mushrooms) of five of the most powerful medicinal mushrooms available today. This powdered, highly palatable blend of mushrooms also contains two Chinese herbs, astragalus root (huang qi) and licorice root (gan cao). These 2 herbs have been found in studies to improve cell-mediated and humoral immunity. This formula has a distinct advantage over products from mycelia grown on grain because it is very low in carbohydrates and very high in beta glucan.

3.52 oz (100 gram) Powder | For Dogs & Cats

1 Gram Contains:

Turkey Tail Extract (1:1)	250 mg	Reishi Mushroom Extract (1:1)	50 mg
Shiitake Mushroom Extract (1:1)	150 mg	Astragalus Root Concentrate (2.6:1)	150 mg
Cordyceps Extract (1:1)	150 mg	Licorice Root Concentrate (3.8:1)	100 mg
Pleurotus Extract (1:1)	150 mg		

RxCurcuWIN

Advanced Curcumin Absorption Technology

46 Times More Bioavailable than Standard Curcumin

RxCurcuWIN ChewTabs provide 40 mg of the powerful curcuminoid complex in each 200 mg hard-chew tablet. Curcuminoids have been found, through extensive research, to provide health benefits to the immune system through both up-stream and down-stream cell signaling molecules. The patented, hydro-soluble matrix of Curcuwin™ is why its curcuminoid complex provides vastly improved absorption over every other form of curcumin available today.

90 Chew Tabs | For Dogs & Cats

1 Chew Tab Contains:

CurcuWIN™ 200 mg Total Curcuminoids 40 mg

Rx Essentials for Cats

Broad Based Nutritional Support

Rx Essentials features a full range of essential daily vitamins and organically chelated minerals, along with spirulina, kelp and milk thistle for the additional nutritional support that cats need. The powder is easily administered with wet or dry food. These formulas are ideal for the pet on a commercial diet, and are ideal companion supplements with Feline Minerals for those pets on home-prepared diets.

4 oz (113.4 gram) Powder | For Cats

1/2 Teaspoon Contains:

Vitamins

Vitamin A (palmitate)	250 IU
Vitamin D (ergocalciferol)	50 IU
Vitamin E (d-alpha tocopheryl succinate)	5 IU
Vitamin B-1 (thiamine).....	2 mg
Vitamin B-2 (riboflavin).....	2 mg
Pantothenic Acid (calcium pantothenate)	5 mg
Niacinamide	2 mg
Vitamin B-6 (pyridoxine HCl)	2 mg
Folic Acid	2 mcg
Biotin.....	2 mcg
Vitamin B-12 (cyanocobalamin).....	2 mcg

Minerals

Calcium (citrate)	25 mg
Potassium (citrate)	20 mg

Magnesium (citrate)	1.75 mg
Zinc (picolinate)	1 mg
Selenium (selenomethionine).....	1 mcg

Special Nutrients

*L-Taurine	50 mg
*Spirulina (blue-green algae)	25 mg
*Vitamin C (ascorbate)	20 mg
*Milk Thistle	10 mg
*GLA (gamma linolenic acid)	5 mg
*L-Methionine	5 mg
*PABA	1 mg
*Kelp (natural source of iodine).....	25 mcg

* Not recognized as an essential nutrient by the AAFCO Dog Food Nutrient Profiles. (All quantities are minimum quantity unless otherwise noted.)

Rx Renal Canine

Supports Normal Kidney Function

Rx Renal Canine is a complex formulation of multiple botanical extracts and nutraceuticals that is designed to support normal kidney function. This formula is well-tolerated in dogs.

120 Capsules | For Dogs

2 Capsules Contains:

N-acetylcysteine	100 mg
Rehmannia glutinosa extract (5:1)	100 mg
Rhubarb Root Powder	100 mg
Milk Thistle (standardized to 80% silymarin)	100 mg
L-Arginine (as L-Arginine HCl)	100 mg
Astragalus Root Extract (10:1)	50 mg
L-Glutamine	50 mg
Asparagus Shoot Extract (7:1)	50 mg

Dong Quai Root Extract (4:1)	50 mg
Szechuan Lovage Root Extract (5:1)	50 mg
Hawthorn Berry Extract (standardized to 2% vitexin)	40 mg
Cordyceps Extract (8:1)	25 mg
Ginkgo Biloba Leaf Extract	25 mg
Green Tea Leaf Extract (standardized to 60% EGCG)	25 mg
Melatonin	1 mg

Rx Renal Feline Capsules | Beadlets

Supports Normal Kidney Function

Rx Renal Feline is a complex formulation of multiple botanical extracts and nutraceuticals that is designed to support normal kidney function in the feline patient. The formula is now available in tasteless, odorless beadlets which will increase the ease of administration to the feline patient.

90 Capsules | 3.52 oz (100 gram) Beadlets | For Cats

1cc Scoop (1/4 teaspoon) / 2 Capsules Contain:

Astragalus Root Extract (10:1)	25 mg
N-Acetylcysteine	25 mg
Rehmannia Glutinosa Extract (5:1)	25 mg
Rhubarb Extract (5:1)	25 mg
Milk Thistle (standardized to 80% silymarin)	25 mg
L-Arginine (as L-Arginine HCl)	25 mg
L-Glutamine	10 mg
Asparagus Root Powder	10 mg

Dong Quai Extract (5:1)	10 mg
Szechuan Lovage Root Extract (5:1)	10 mg
Cordyceps Extract (standardized to 7% cordycepic acid)	5 mg
Ginkgo Biloba Extract (standardized to 24% GFG)	5 mg
Green Tea Extract (standardized to 55% EGCG)	5 mg
Hawthorn Extract (standardized to 1.8% vitexin)	5 mg
Melatonin	500 mcg

Rx Zyme

A Powerful, Versatile Enzyme Formula

Rx Zyme is the most comprehensive and versatile enzyme preparation in the veterinary industry. Rx Zyme features a proprietary, high-potency, digestive enzyme blend combined with selected nutraceuticals and botanicals designed to address overall digestive function, promote the breakdown and absorption of food and its nutrients and support the normal digestion of protein, fats and carbohydrates. Rx Zyme contains nutraceuticals targeted to reduce intestinal permeability and improve GI ecology and the GI immune system. Rx Zyme contains the free-form amino acid, taurine, which makes this formulation a perfect complement to home prepared diets, especially for cats.

4.2 oz (120 gram) Powder | For Dogs & Cats

2 Scoops (1/4 teaspoon per scoop) Contain:

RxZ Proprietary Blend	58 mg
Amylase	4000 DU
Protease	10,000 HUT
Alpha-galactosidase	50 GalU
Lipase	100 FIP
Cellulase	150 CU
Phytase	5 FTU

Lecithin Granules	450 mg
L-Glutamine	450 mg
Fructooligosaccharides (FOS)	175 mg
Larch Arabinogalactan	175 mg
L-Taurine	100 mg
Cinnamon Powder	100 mg

Rx D3 | Rx D3 Forte

Palatable Source of Pure Cholecalciferol

Rx D3 contains cholecalciferol, the precursor to Vitamin D3 for all animals. The cholecalciferol is blended with MCT oil and diluted sufficiently to enable safe usage in animals as small as 4 kg.

Rx D3 Forte contains a higher higher concentration of cholecalciferol than the standard Rx D3, providing 5 times the potency per drop to better suit the needs of the severely vitamin D3 deficient patient, the larger patient, or any other patient that would benefit from a higher concentration. Rx D3 Forte comes with a glass graduated dropper to facilitate accurate serving size.

By wellness-checking regularly for serum levels of Vitamin D3, those patients with insufficient levels of Vitamin D3 can be identified and supplemented accurately. A monthly follow-up test is recommended to insure safe and adequate administration, and testing thereafter as recommended by your veterinarian.

2 fl. oz. (60 ml) | For Dogs & Cats

Rx D3 - Amount per 1 ml:

Vitamin D3 (as cholecalciferol)	3000 IU
Per one drop	100 IU

Rx D3 Forte - Amount per 1 ml:

Vitamin D3 (as cholecalciferol)	15,000 IU
Per one drop	500 IU

Ultra EFA

The Most Concentrated and Versatile EFA Formula Available

Ultra EFA is a highly potent, bioactive, fatty acid lipid blend featuring a high-grade marine lipid concentrate and liquid lecithin. Marine lipids are rich in the Omega 3 fatty acids EPA and DHA. Lecithin is a natural source of phospholipids. The antioxidant properties of rosemary and vitamin E effectively prevent lipid peroxidation of the delicate fatty acids. The Ultra EFA formula features high levels of EPA and DHA which enhance the efficacy of the formula.

8 fl. oz. (236 ml) | 16 fl. oz. (472 ml) | For Dogs & Cats

1 Teaspoon Contains:

Marine Lipid Concentrate	3000 mg	Zinc Gluconate	2.3 mg
Supplying:		Rosemary Extract (as an antioxidant and preservative)	2.3 mg
Eicosapentanoic Acid (EPA)	540 mg	Biotin	23 mcg
Docosahexanoic Acid (DHA)	360 mg	Vitamin E (tocopherol acetate)	45 IU
Lecithin (from sunflower) [supplying 100 mg phosphatidylcholine]	300 mg		

Allergy Test Kit PLUS

DRIED SERUM - For Canine and Feline Patients

Now available with more testing options for your patients, Rx Vitamins brings the next generation in Allergy and wellness testing to your practice. Increase staff efficiency, reduce cost, and provide excellent service to your clients.

Allergy test (IgE) for 125 Allergens (72 Food, 53 Environmental)

With Optional Testing for:

- **Vitamin D** • **Magnesium** • **Atopic Dermatitis Panel**
(Includes Vitamin D, Inflammation, and Allergy)

Atopy & Infection Panel Test Kit

DRIED SERUM + SKIN SWAB - For Canine and Feline Patients

The Atopy & Infection Panel Kit brings the next generation in allergy and infection testing for skin conditions to your practice. Get meaningful insight into your dermatology cases to offer more options for therapy. Increase staff efficiency, improve patient care, and provide excellent service to your clients.

- Just 0.3mL Serum plus a Skin Swab
- Integrated Dashboard for Allergy & Infections
- Testing for 125 Allergens, food and environmental
- Allergen cross-reactivity information
- Complete bacteria & fungi analysis using 16s Next Gen Sequencing
- Antibiotic Resistance Profiles
- Immune-support product recommendations
- Dermatology product recommendations

Mineral & Toxic Metal Fur Test Kit

For Canine and Feline Patients

Diet and environment play a major role in the health of our pets. With the Mineral & Toxic Metal Fur Test Kit, your practice can check for long-term issues with both. Fur is the only matrix suitable for studying a long period of exposure to pollutants or dietary deficiencies for macro and microminerals in dogs and cats. Pollutants circulating in the blood, through ingestion or inhalation, are automatically captured by the follicle of the fur when it grows and stays intact. By analyzing fur, you can assess any prolonged exposures to potentially harmful minerals and metals, as well as identify any shortcomings the pet's diet may have.

29 Elements Tested

- 15 Nutritional Minerals
- 4 Toxic Metals
- 10 Environmental Minerals

Vitamin D Test Kit PLUS

DRIED SERUM - For Canine and Feline Patients

Now available with more testing options for your patients, Rx Vitamins brings the next generation in Vitamin D and wellness testing to your practice. Increase staff efficiency, reduce cost, and provide excellent service to your clients.

Create custom test panels with a single kit. Test combinations can include:

Essential Vitamins Panel
VitD, B12, Folate, Magnesium

Joint Health Panel
VitD, Degenerative Joint Disease

Full Wellness Panel for Dogs
VitD, B12, Magnesium, Inflammation, Degenerative Joint Disease, Cancer Risk Assessment

Essential Wellness Panel
VitD, B12, Magnesium, Inflammation

Cancer Risk Panel
VitD, Cancer Risk Assessment

StrataBen-BP Shampoo

A Powerful Antiseborrheic and Antiseptic Shampoo

Benzoyl Peroxide 3%

StrataBen-BP Shampoo is a powerful cleansing and degreasing shampoo for the relief of scaling and itching associated with skin infection, seborrheic disorders, and follicular plugging on dogs, cats, and horses. The combination of benzoyl peroxide, precipitated sulfur and salicylic acid allows for degreasing, follicular flushing, and enhanced keratolytic and keratoplastic activity. The combination also has antiseptic (antibacterial and antifungal) properties. Benzoyl Peroxide Shampoo is formulated in a citrus scented soap-free, lathering shampoo base with skin moisturizers for gentle cleaning and deodorizing, while effectively removing scales and oils from the coat.

12 fl. oz. (355 ml) Shampoo | For Dogs & Cats

StrataCalm-EFA Shampoo

Optimal pH Balanced • Essential Fatty Acids • Moisturizing Emollients • Conditioning Proteins

Sweet Pea & Vanilla Scent

StrataCalm-EFA Shampoo is a gentle, hypoallergenic, soap-free formulation containing our exclusive deodorizer, Sweet Pea Infusion. Contains emollients for moisturizing and proteins for conditioning. Natural Moisturizing Factors promote hydration of skin and coat, while essential fatty acids nourish skin and aid in the control of flaking and scaling. Properly pH balanced, it cleans gently, lathers well and rinses out easily. Non-drying, deep cleansing formula leaves a pet's coat soft and bright.

16 fl. oz. (473 ml) Shampoo | For Dogs & Cats

StrataCalm-HC+ Spray

Hydrocortisone 1%, Pramoxine Hydrochloride 0.5%

StrataCalm-HC+ Spray provides rapid relief from itching caused by fleas, insect bites, dermatitis, hot spots and other minor skin irritations. The non-stinging formula is free from fragrances and dyes that could cause further irritation and helps to reduce inflammation and redness while helping to stop the cycle of biting and scratching. Safe for use in dogs, cats, and horses.

4 fl. oz. (118 ml) Spray | For Dogs & Cats

StrataCalm-P Spray

Provides Soothing Relief from Itching, Flaking & Irritation

Pramoxine 1%, with Colloidal Oatmeal & EFA - Tropical Scent

StrataCalm-P Spray is a soothing and moisturizing formulation for dogs, cats and horses, containing pramoxine and micronized colloidal oatmeal for the temporary relief of itching, flaking, and irritation. It also contains coat conditioners and Omega-6 Essential Fatty Acids to nourish the skin and help further control irritation. Pramoxine Spray is formulated in a moistening base for a long-lasting soothing effect. The alcohol-free formulation may be sprayed directly onto the irritated or raw areas to relieve itching.

8 fl. oz. (237 ml) Spray | For Dogs & Cats

StrataChlor[®]-4% Shampoo

For Mild to Severe Dermatologic Conditions Where a Full-strength Antimicrobial, Cleansing and Deodorizing Shampoo may be of Benefit

With 4% Chlorhexidine Gluconate

StrataChlor-4% is a full-strength medicated shampoo combining penetrating agents and emollients for optimal therapeutic effectiveness. It contains 4% Chlorhexidine Gluconate for antimicrobial activity, in a pleasantly scented shampoo with antiseptic activity (antibacterial) designed for dogs, cats and horses.

12 fl. oz. (355 ml) Shampoo | For Dogs & Cats

StrataChlor[®]-CK Mousse

A Broad Spectrum Antiseptic Mousse

Chlorhexidine 2%, Ketoconazole 1%

StrataChlor-CK Mousse is a moisturizing medicated formula that fights fungus and bacteria without drying out the skin. StrataChlor-CK contains with Chlorhexidine Gluconate 2% and Ketoconazole 1%, in a pleasantly scented mousse that relieves odor and soothes the skin. Apply directly onto the affected area(s) up to 3 times daily. Great for use in between bathing.

7 fl. oz. (207 ml) Mousse | For Dogs & Cats

StrataChlor[®]-CK Shampoo

A Broad Spectrum Antifungal and Antimicrobial Shampoo

Chlorhexidine 2%, Ketoconazole 1%

StrataChlor-CK in a pleasantly scented shampoo with antiseptic properties (antibacterial and antifungal) designed for dogs, cats and horses with dermatological conditions responsive to chlorhexidine and ketoconazole. This cucumber melon scented antiseptic shampoo is in a synergistic base that also offers deep cleansing and deodorizing properties.

8 fl. oz. (237 ml) Shampoo | 16 fl. oz. (473 ml) Shampoo | For Dogs & Cats

StrataChlor[®]-CK Spray

A Broad Spectrum Antifungal and Antimicrobial Leave on Spray

Chlorhexidine 2%, Ketoconazole 1%

StrataChlor-CK Spray is an alcohol-free antiseptic (antibacterial and antifungal) formulation designed for dogs, cats and horses with dermatological conditions that are responsive to Chlorhexidine and Ketoconazole. It also contains Aloe Leaf Juice to nourish the skin and further control irritation.

8 fl. oz. (237 ml) Spray | For Dogs & Cats

StrataChlor[®]-CK Wipes

Broad Spectrum Antifungal and Antimicrobial Wipes

Chlorhexidine 2%, Ketoconazole 1%

StrataChlor-CK Wipes contain an antiseptic (antibacterial and antifungal) solution for the topical management of skin conditions that are responsive to chlorhexidine and ketoconazole. K-Med Wipes can be used for the antiseptic cleansing of face folds, finger folds, as well as underarm and groin areas.

50 Wipes | For Dogs & Cats

StrataChlor[®]-CK XL Wipes

A Broad Spectrum Antifungal and Antimicrobial Formulation

Chlorhexidine Gluconate 2%, Ketoconazole 1%

StrataChlor-CK XL Wipes contain an antiseptic (antibacterial and antifungal) solution for the topical management of skin conditions that are responsive to chlorhexidine and ketoconazole. StrataChlor-CK XL Wipes can be used for the antiseptic cleansing of face folds, finger folds, as well as underarm and groin areas.

60 Wipes (5" x 6") | For Dogs & Cats

StrataChlor[®]-MC Shampoo

Helps Relieve Symptoms Associated with Bacterial & Fungal Infections

2% Miconazole Nitrate; 2% Chlorhexidine Gluconate

StrataChlor-MC Shampoo is a broad spectrum antibacterial and antifungal medicated cleansing shampoo with both Miconazole Nitrate and Chlorhexidine Gluconate. These highly effective ingredients help improve the condition of unhealthy skin or coat caused by fungi, yeast or bacteria. Fragrance-free, and pH balanced, it addresses conditions associated with ringworm and Malassezia dermatitis including irritated skin, greasiness, loss of hair, scaly skin and poor odor. StrataChlor-MC Shampoo washes away microorganisms that can cause itching and dry, patchy skin leaving a coat that is refreshed and clean. It is safe for use on dogs, puppies, cats, kittens and horses.

12 fl. oz. (355 ml) Shampoo | For Dogs & Cats

StrataClens Advanced Otic Non-Irritating Ear Cleansing Solution

Alcohol-free - Cucumber-Melon Scent

StrataClens Advanced Otic is an alcohol free, non-irritating ear cleansing solution formulated to prevent microbial activity and eliminate bacteria and yeast build-up. StrataClens Advanced contains Chloroxylenol, Salicylic Acid and Aloe Vera, in a pleasantly scented otic, designed to eliminate odor. It will not sting or burn and is safe for daily use. Alcohol-Free, Non-Irritating Formula.

8 fl. oz. (237 ml) | For Dogs & Cats
